- Lumion
- Twin-motion

Language

English

About Me

I am a fourth year student studying Interior Architecture in Munster Technological University, Cork. I would consider myself to be a hardworking and driven person. I tend to be very organised within my work and personal life. Outside of work life I have a huge interest in sports, which I am involved in my local Gaa club playing both codes.

Work Experience

June 2015 - Present

Drab to Fab
